

The Monkees, I'll Spend My Life With You

By Tommy Boyce and Bobby Hart

People come and people go
Movin' fast and movin' slow
I'm in a crowd yet I'm all alone
The road is long the road is rough
I do believe I've had enough
I'm gonna turn around and head for home.

And I hope you're there
And you still care
And if you do,
I'll spend my life with you.

I've had all the time I need
To rearrange my mind and lead
The life I thought I wanted yesterday
I played a game that couldn't last
And now some mem'ries from the past
Have turned my thoughts around a different way.

And girl, I find
You're still on my mind.
And if you want me to
I'll spend ny life with you.

(Instumental)

And girl, I find
You're still on my mind.
And if you want me to
I'll spend ny life with you.
