The Monkees, Time And Time Again

Time and time again naughty girls get me in trouble when I fly too high something's bound to burst the bubble

You say this is love wonder if you're feeling lonely tell me if you please is this for this evening only

Or will it be for long, long time or just a passing fancy will it be for a long, long time I feel as though it can be

I'll just what and see what tommorow has to bring me a love that is oh-so-true or another girl who's free and easy

(Interlude)

So, I'll just wait and see what tommorow has to bring me a love that is oh-so-true or another girl who's free and easy

Time and time again and again...
