

The Moody Blues, Breaking Point

Is that the wind
On your face?
Are you sure you're alone?
Are you sure you're alone?

Feel the chill
Of an empty space
Are you sure you're alone?
Are you sure you're alone?

In the middle of the night
Is that your heart you hear?
Or a train to nowhere
It's pounding in your ear

Have you reached your breaking point?
Have you reached your breaking point, tonight?

Only when you're sleeping can you drift away
No one can hurt you
Listen to the secret of your dreams
Though you want to sleep forever
Still you must return

Hands of ice
Down your spine
Are you sure you're alone?
Are you sure you're alone?

Feel the grip
Of a clinging vine
Are you sure you're alone?
Are you sure you're alone?

In the middle of the night
Is that your voice I hear?
Or the wind that's calling
Back across the years?

Have you reached your breaking point?
Have you reached your breaking point, tonight?
