

The Moody Blues, It's Easy Child

It's easy, child
Fallin' in love with you [Falling in love with you]
It's easy, child
Fallin' in love with you [Falling in love with you]

It's easy, easy easy child
It's easy
Falling in love with you

Now it didn't take much
To falling in love with you
The minute I felt your touch
I knew what I got to do

It's easy, easy,
It's easy child
It's easy
Falling in love with you

It's easy, child
Fallin' in love with you [Falling in love with you]
It's easy, child
Fallin' in love with you [Falling in love with you]

Whoa, it's easy, it's easy
It's easy child
It's easy
Falling in love with you

Now it didn't take much
To falling in love with you
The minute I felt your touch
I knew what I got to do

Whoa, it's easy, it's easy
It's easy child
It's easy
Falling in love with you
