

The Moody Blues, Remember Me (My Friend)

You don't need to ask me if I'll be your friend
I am
I am
You don't need to ask me if I'm sure my friend
I am

I am your friend
You must remember me
I'm the one who saw through the world's disguise
Took away its cloak and I made it hide
From me
Remember me?

Walking on this earth finding you
You, you
Walking on this earth finding you
You, you
What can I say
You don't need to find the words to say what's on your mind

If you need a reason to begin again
I am
I am
You will find an answer at your journey's end
I am
Waiting there my friend
You must remember me
I'm the one who knew you when
I'm the one you call your friend
Feel free
Remember me

Walking on this earth finding you
You, you
Walking on this earth finding you
You, you
What can I say
You don't need to find the words to say what's on your mind

Walking on this earth finding you
You, you
Walking on this earth finding you
You, you
What can I say
You don't need to find the words to say what's on your mind
Walking on this earth finding you
You, you
Walking on this earth finding you
You, you

Walking on this earth finding you
You, you
You, you
You, you
You, you
