

# The Moody Blues, Say It With Love

I've been thinking the way people do  
'Bout the things that matter  
To me and you  
I've decided to do what I can  
And to find the kind of man  
I really am

I can see the world from here  
And it sometimes makes me  
Want to disappear

Back to nature, that's where we belong  
And with just one truth I've found  
You can't go wrong

Wherever you go  
Whatever you do  
Whatever you say  
Say, say, say  
Say it with love

I remember a long time ago  
When I heard those guitars  
That I worship so  
I was captured, I wanted to stay  
And to hear that kind of music  
Everyday

Heard the songs around the world  
Saw the smiling faces  
On the boys and girls  
I was destined to play come what may  
And there's just one thing  
I knew I had to say

Wherever you go  
Whatever you do  
Whatever you say  
Say, say, say  
Say it with love

Underneath a sea of doubt  
There's a million voices shouting  
'Let me out!' (Let me out!)  
When we go, we never return  
'Cause there's just one lesson  
That we got to learn

Wherever you go  
Whatever you do  
Whatever you say  
Say, say, say  
Say it with love  
Say it with love  
Say it with love  
Say it with love  
Say it with love.
