

# The Moody Blues, Say What You Mean (Part II)

Say what you mean  
Mean what you say

Say what you mean  
Mean what you say  
Think about the words  
That you're using  
Speak for yourself  
Say what's on your mind  
And think about the life  
That you're choosing

I know that you need somebody  
I know that you're looking  
For somebody who knows  
When trouble won't leave you alone

Say what you mean  
Mean what you say  
Look into the world of tomorrow  
Say what you want  
Want what is true  
Check out of that room  
Full of sorrow

I'm ready to take you with me  
I'm ready to be the one  
Who's there by your side  
When you've just got  
Nowhere to hide

And oh,  
The angels will walk with you  
Whenever you need them, yeah  
The glory that comes of love  
Yeah, yeah, yeah

And oh,  
The treasure that waits for us  
Whenever we need it, now  
I just can't hold it back  
Yeah, yeah, yeah, yeah, yeah, yeah.

The work and the pain  
The thunder and the rain  
The word of the earth has been spoken  
The bird on the wing  
Free as the wind  
Knowing that the spell  
Has been broken

Now you can laugh with meaning  
Now you can throw away  
The cloak of disguise  
As you turn your face  
To the skies

The blue of the night  
The secrets of the light  
The touch of the hand  
That can lead you  
I know you recognize  
The shiver of surprise  
When you realise

That he's seen you

Into the strange unknown of love  
Standing before me  
How your nakedness shows  
Now I just can't leave you alone

And oh,  
I'm ready to take you now  
Whenever you want to  
Yeah, my heart is there for you  
Yeah, yeah, yeah

And oh,  
The glory that comes with love  
For always and ever, now  
Now you can feel my love  
Yeah, yeah, yeah, yeah, yeah, yeah.

Say what you mean  
Mean what you say  
Tell me about the love  
That you're feeling  
(Say what you mean what you say)

Say what you mean, mean what you say  
Yeah, yeah, yeah, yeah, yeah, yeah.  
Say what you mean, mean what you say

Let us walk into the forest  
Only witnessed by the moon  
And the breeze that once would chill us  
Now excites

Say what you mean, mean what you say  
Yeah, yeah, yeah, yeah, yeah, yeah.

And we'll touch the secret places  
As the earth beneath us breathes  
And the raw exquisite ecstasy  
Rushes in

Say what you mean, mean what you say  
Say what you mean, mean what you say  
Yeah, yeah, yeah, yeah, yeah, yeah.
