

The Moody Blues, Sun Is Still Shining

The sun is still shining, look at the view
The moon is still dining, with me and you
Now that we're out here, open your heart
To the universe, of which we're a part

Everything's turning, turning around
See with you mind, leave your body behind
Now that we're out here, open your heart
To the universe, of which we're a part

But if you want to play
Stay right back on earth
Waiting for rebirth

The sun is still shining, look at the view
The moon is still dining, with me and you
Now that we're out here, open your heart
To the universe, of which we're a part

But if you want to play
Stay right back on earth
Waiting for rebirth
