

The Moody Blues, Survival

Shadows of night falling over my head
People walking
Passing me by
Shadows of dreams falling out of the blue
People talking
What can I do
Where do I go from here
Where do I go from here
I could give you any dream and watch it grow
I could take you for a ride but you would know
I could tell you every answer that I know
It wouldn't be much tho'
It wouldn't be anything you didn't know

But
Survival
Nothing more than survival

Shadows of days hanging endless in time
Slowly fading
Passing us by
Shadows of worlds disappearing from view
People asking
What could we do?
Where do I go from here
Where do I go from here

If I gave you every dream they would grow
If I took you for a ride would you know
If I told you every answer that I know
It wouldn't be much tho'
It wouldn't be anything you didn't know

But survival
In you love, I have all that
I need for
survival
With your love I have all that
I need for
Survival
With our love we have all that
We need for
Survival
