

# The Morning Of, A Beautiful Place, Not A Beautiful

Time may pass but you sure don't.  
You might as well be the person  
You told me you were from the beginning.  
(You were a champ at making up a face.)  
At least he'll play his part in the role  
I've always wanted when the curtain closes  
Hopefully a lesson will be learned.  
B-b-b-b-Breakin' down.  
Tt-t-t-t-tTake your time.  
Well this isn't yours and this isn't mine  
So is this where we both go senseless  
Well I guess I'm doing this for you  
Woo.  
The sky is on fire now who's the liar?  
You can't fight this feeling if there wasn't on there.  
(Don't think I didn't notice.)  
So don't take this out on me  
Don't make this seem like rivalry.  
The sun will set just give it time.  
This is the result of every line  
You've ever dropped and  
This is me not catching them as they fall
