

The Motorhomes, For Tomorrow

Hold just one moment
You're out of line
And it is choking
What we've got
I'm so tired
Of being right
Keep me from stealing
What we've got
Nothing's too good, nothing's too bad
We can't live for today just live for tomorrow
We got to go on, got to go on
No we never know
Oh you're a liar
Don't waste my time
Everything changes, you know it's so
Nothing's too good, nothing's too bad
We can't live for today just live for tomorrow
We got to go on, got to go on
No we never know
Please try to read me
Don't get me wrong
Please try to see me
Try to hang on
Please try to hear me
Now you know
