

The Motorhomes, Long Distance Runners

Dont think we dont care much
Its a mistake
Time is on our side
Dont let it die now
Well make it somehow
Its a mistake
Time is on our side
Dont let it die now
Well make it somehow
Dont think we dont care much
We are the long distance runners
We are the solitaire ones
We are all alone when we are nothing
We are on our own when we fall
If we run then you can run with us
Come on and run with us
If we run then run with us
Dont think we are asleep now
We never will
Dont you complain now
Its not your problem
Because you dont listen
You never will
Time is on our side
Well make it somehow
Dont let it die now
Dont think we are asleep now
