

The Motorhomes, O'er Land

Say nothing, don't try to stop me
I've made up my mind
It's for real this time
Hear nothing, my words don't mean anything
I made up my mind
And she closed her eyes
I didn't want to step on you
That's what desperate people do
And of course I do
Do nothing, just keep on breathing
Hold those thoughts away
Try to live today
Don't let my running bring you down
Don't be afraid to be alone
I didn't want to be like this
Seal your faith with a lying kiss
