

# The Move, Lightning Never Strikes Twice

Let the wind blow you out of my memory  
Let the rain wash you out of my eyes  
Too many bad times of loving you  
Now I gotta realize

That I can throw you right out of my mind  
And put you right back in your place  
Cause lightning never strikes twice in the same place

I can live without loving you  
Carry on in the same old way  
Do anything I wanna do  
Say what I wanna say

Cause I can throw you right out of my mind  
And put you right back in your place

Cause lightning never strikes twice in the same place

Lightning strike  
Lightning strike

Your kind of woman just drags me down  
Want to put me on a ball and chain  
I was king till you took my crown  
I wanna win it back again

Cause I can throw you right out of my mind  
And put you right back in your place  
Cause lightning never strikes twice in the same place

Lightning strike  
Lightning strike
