

The Move, Tonight

That's the road, it's over there
And leading down to nowhere,
This is the age when your allowed to have your own care,
If you will have some pride to plan your life ahead
Instead of waiting till your old in your bed.

Chorus:

I'll be over tonight, if you say you might,
I'll be over tonight, indeed to put you right.

Well, I know you wrote on your overcoat,
But you don't want to take it too far, oh I think you won't
But I know you don't, but you always say that you are right.

I'm so used to waiting that's entirely your decision
And don't be restricted by the weightless views your given.

If you will have some pride to fight and front a head
Instead of saving till your young heart is dead.

Chorus

Never let riches that may ever be within you,
Show some concern for all the love that you have been through,
If you will have some pride to plan your life ahead,
Instead of waiting till your old in your bed.
