

# The Muffs, Another Ugly Face

You watching me watching you  
you're another ugly face its true  
another time and another old place  
I'll break your teeth and smash your face  
Another joy you pass along if you will leave and carry on

I want to know what you want  
right by my side you pass a lot.  
and if you say that I'm not real aware  
just look into my eyes I'm there

another joy you pass along if you will leave and carry on

do you think you have a life now  
do you think about me day and day and night and..

another joy you pass along if you will leave  
another joy you pass along if you will leave  
and carry on  
and carry on  
and carry on  
and carry on
