

The Muffs, Don't Waste Another Day

Why can't you see
It was never meant to be
All this time is all a waste to me

It's gone nowhere
I see it in your eyes
All the lies and compromise to me

I see you talking and I never hear a word you say
There's something inside telling me
Don't waste another day
Waste another day away

In all my life
I wanted someone who
Looked at me as if I were a queen

(Repeat Chorus 2x's)
