The Muffs, Don't Waste Another Day

Why can't you see It was never meant to be All this time is all a waste to me

It's gone nowhere I see it in your eyes All the lies and compromise to me

I see you talking and I never hear a word you say There's something inside telling me Don't waste another day Waste another day away

In all my life I wanted someone who Looked at me as if I were a queen

(Repeat Chorus 2x's)
