

The Muffs, I Need You

I need you so bad, yeah
It's not a lot for me to ask
Of you to lend a helping hand

I need you right now, yeah
In every day and every way
To love you yeah I don't know how

You don't want to take the time
For the clearing of my mind
Yeah it's just a waste of time
I need you

Something always snaps at me whenever you're near
Something always snaps at me whenever you're near

Something always snaps at me whenever you're near
Something always snaps at me whenever you're near

I need you
I need you
I need you
