

# The Muffs, My Lucky Day

Runaway to a place I love  
Where I hide away from you  
And your old face  
Telling me that you know me better  
Than I even know my mixed up self

I'm laughing you and your old fantasy of me

Every time I think of you I think my lucky day  
Is when you left and finally went away

Ooh ooh ooh ooh -ooh ooh ooh -ooh ooh ooh  
Ladidadi ladidadi (2xs)

Holiday I took away your fantasy and now I'm really me  
take away all your big ideas and plans for me  
and my entire future was ensured if I would  
do what I should do

Every time I think of you I think my lucky day  
Is when you left and finally went away

Ooh ooh ooh ooh -ooh ooh ooh -ooh ooh ooh  
Ladidadi ladidadi (infinite)
