

# The Music, Dragon Song

Oh tell me your fear  
Does it hurt when I call your name  
Does it hurt when I call your name  
Does it hurt when I call your name

Oh tell me your fear  
Does it hurt when I call your name  
Do you wonder why we live  
Do you wonder why we die

You win some  
You lose some  
You win some  
You lose some yeah  
You win some  
You lose some  
You win some  
You lose some yeah

Before I try to understand  
Little bird singing in a tree  
Seen it  
Now you want it  
Forever  
Inside you

You win some  
You lose some  
You win some  
You lose some yeah  
You win some  
You lose some  
You win some  
You lose some yeah

Only one who's fighting for  
Only one who's fighting for  
Only one who's fighting for  
Is him  
Yeah yeah

Dragon song  
Dragon song  
Dragon song

You win some  
You lose some baby  
You win some  
You lose some baby  
You win some  
You lose some  
You win some  
You lose some yeah  
You win some  
You lose some  
You win some  
You lose some yeah

Only one who's fighting for  
Only one who's fighting for  
Only one who's fighting for  
Is him  
Yeah yeah
