

The Music, I Need Love

So to the world
I'll raise a glass and
Turn my back on life
I wish that you were here with me
Instead of by his side
I can't believe it's been this way forever
But when you need it
It makes it harder

I need love
I need love
I need love
Help me now

I need love
I need love
I need love
Help me now

I need love
I need love
I need love
Help me now

I need love
I need love
So come on help me girl

I just wanted to leave
I can't help myself
I want love to help me find a home
My lonely life is simply nothing without you
I can't believe it's been this way forever
But when you need it
It makes it harder

Girl, move
I need love
I need love
I need love
Help me now
I need love
I need love
I need love
Help me now

I need love
I need love
I need love
Help me now

I need love
I need love
So come on help me girl

Honey its time to go
Honey its time to go
Honey its time to go

Ooooh
I never listen
To what you said
I was so foolish
In this time

Please remember
Honey its time to go
Honey its time to go
Honey its time to go
Honey its time go get get get
Honey its time to go
Honey its time to go

Now
I need love
I need love
Help me now
I need love
I need love
I need love
Help me now
I need love
I need love
I need love
Help me now
I need love
I need love

So come and help me now
So come and help me now
Move
Come on help me now
So come and help me now
