

The Naked Brothers Band, A Road To No Where

you have already lead me down in the dust
in the dust i'll be until,
a road to no where will be the only road

you have already lead me down to that only road

until,
until,
until

i'll be in this road to no where

road to no where
we was meant to be
road to no where

ohohoh,
will you still lead me in the dust?!?
