

The Naked Brothers Band, Mystery Girl

Who's that mystery girl
Who I see on my block
I never believed in love at first sight
But I was wrong, oh wrong
I never believed in love at first sight
But I was wrong, oh wrong
I will get you mystery girl
If it takes everything
You might not remember me
But I remember you
Who's that mystery girl
Who I see on my block
I never believed in love at first sight
But I was wrong, oh wrong
I never believed in love at first sight
But I was wrong, yes I was wrong
I will find you whatever it takes
Mystery girl, so mysterious
You might not remember me
But I remember you
Oh mystery girl I wish you were real
Who's that mystery girl
Who I see on my block
I never believed in love at first sight
But I was wrong, oh wrong
I never believed in love at first sight
But I was wrong, yes I was wrong
