

The National, Day I Die

I don't need you
I don't need you
beside I barely every see you anymore

when I do
she's like the only half way there

young my mother loves me
even..
girls call from Cleveland
meet me anytime
and anywhere

The Day I Die
The Day I Die
where will you be?
The Day I Die
The Day I Die
where will we be?

don't do this to you
I don't do this to you
don't expect me to enjoy it
coz I really have the courage now
to turn you off
