

The Nitty Gritty Dirt Band, Any Love But Our Love

He'll never love you
Like I can love you
No matter what you've heard him say
I know he's tempting you
I know that he's strong
Any love but our love
Is wrong

He'll never thrill you
Like I can thrill you
I know he's turned your head that way
Can't you see clearly now
Just where you belong
Any love but our love
Is wrong

You were my first love
My one and only
Never doubted til this day
Now we're headed for
Sad and lonely
If you walk away-ay-ay

Girl, please remember this
We've known all along
Any love but our love
Any love but our love
Any love but our love
Is wrong

He'll never love you
Like I can love you
He'll never love you
