

# The Nitty Gritty Dirt Band, Run With Me

Two story prisons in a line  
Livin' in this town  
Is a whole lot like dying  
I want to see what's still left to see

And you really oughta run with me  
Baby, I knew right from the start  
You're just a discontented romantic at heart  
And you're tired of all that you see  
And you really oughta run with me

Come on run with me  
This ol' town is no good place to be  
Wasted days just come and go  
While everything we know  
Slowly dies before our eyes

I'll fulfill your every desire  
We'll run around together  
And set this world on fire  
Baby baby we're free  
And you really oughta run with me

(Oohooohoooh)  
(Oohooohoooh)

Chorus

Whoa, I'll fulfill your every desire  
We'll run around together  
And set this world on fire  
Baby baby we're free  
And you really oughta run with me

(Oohooohoooh)  
Yeah you really oughta run with me  
(Oohooohoooh)  
Oh you really oughta run with me  
Come on Baby (oohooohoooh)  
Oh you really oughta run with me
