

# The Noisettes, Speedhorn

I was standing on the corner of my dream  
Faces getting hotter  
Temperature is rising up inside of my soul  
Like a madman's daughter.  
The time is right and so am I  
Come and fly into the night sky brother, oh.  
Is there nothing I can do  
To make you smile  
Nothing I can borrow  
Nothing I can beg or steal  
To change your minds way  
Cause I feel out of order  
Name your price, I'll pay it twice  
Roll the dice, would you really die for another?  
Be my speedhorn  
Fuel my raging heart  
Oh my lover  
Come on feel the spark  
See I won't bite  
See that girl can bark  
All I want to do is be the one you love, oh yeah  
Only want to be the one you love, yeah  
All i want to do, yeah!  
Be my speedhorn  
Fuel my raging heart  
Oh my lover  
You make me feel so  
Like I could be far  
Oh my lover  
I am laughing but I'm fraying at the seams  
Can't control the holler  
Temperature is rising as the story unfolds  
Lost my friend to the water  
On my grave, next to my name  
They'll say: "She loved, she lost,  
Yet never ceased to be amazed"  
There is something you can do  
To make me smile  
Don't wait 'til tomorrow  
Pressure can be swallowed  
See cause she lost her heart  
Diving in for another  
You named your price, I paid it twice  
There's no more dice and now  
You're taking the piss  
Be my speedhorn  
Fuel my raging heart  
Oh my lover  
She'll cut your body parts  
See I won't bite  
They say that bitch can bark  
All I want to do is be the one that you love, whoa yeah  
Oh my love the one you love  
Never wanna be the one you lost  
All I wanna do, yeah  
Be my speedhorn  
Fuel my raging heart  
Be my speedhorn oh yeah,  
Be my speedhorn  
Fuel my raging heart  
Oh my lover  
Losing control now  
Who's in control now  
Losing control

I was on a roll now  
Losing control now  
Who's in control now  
Losing control  
See now I was on a roll now  
I'm losing control  
Be my speedhorn  
Fuel my raging heart  
Oh my lover see you got the spark  
Why don't you be my speedhorn  
Fuel my raging heart  
Oh my lover, oh you got the spark  
Be my speedhorn, oh my love  
You make me roll  
I loose control  
You loose control  
I loose control  
Loose con-trol, loose con-trol  
Oh I loose control  
Be the one in heart
