

The Notorious B.I.G., Nasty Girl

(feat. Diddy, Jagged Edge & Nelly)

(Jazze Pha) + (B.I.G.)
The Biggie Duets! (Uhh!)
Jazzy Fizzle, Jagged Edge (Biggie Smalls)
Ladies and gentlemen!

(Notorious B.I.G.)
I go, on and on and on and
Don't take 'em to the crib unless they bonin
Easy, call 'em on the phone and
Platinum Chanel cologne and (oooh-WEE)
I stay, dressed, to impress
Spark these bitches interest
Sex is all I expect
If they watch TV in the Lex, they know
They know, quarter past fo'
Left the club tipsy, say no mo'
Except how I'm gettin home, tomorrow
Caesar drop you off when he see his P.O. (heyyy)
Back of my mind I hope she swallow
Man she spilled a drink on my cream Wallows
Reach the gate, hungry just ate
Riffin, she got to be to work by eight
This must mean she ain't tryin to wait
Conversate, sex on the first date
I state, "You know what you do to me"
She starts off, "But I don't usually" (let's go)
Then I, whipped it out, rubber no doubt
Step out, show me what you all about
Fingers in your mouth, open up your blouse
Pull your G-string down South (aoowww)
Threw that back out, in the parking lot
By a Cherokee and a green drop-top
And I don't stop, until I squirt
Jeans, skirt, butt-naked - it all work

(Chorus - Jagged Edge)
Gotta love my lil' nasty girl
Know I love my lil' nasty girl
I love my lil' nasty girl
All the ladies if you feel me grab your titties for B-I-G
My lil' nasty girl
All my women from around the world
I love my lil' nasty girl
All the ladies if you feel me grab your titties for B-I-G

(Diddy)
You know I like nasty girls...
I need you to dance, I need you to strip
I need you to shake your lil' ass and hips
I need you to grind like you workin' for tips
And gimme what I need while we listin' to prince
Cause miss you ain't seen the world yet
rock la pearl yet, rock them pearl sets, flew in a pearl jet
My style make a low profile girl go smile
Blow a chick back like I blow through a trial (take that)
And now you & me can drink some hennessy, then we get it on
Made women wantin' to bone Sean Combs, sippin' on patron
Speedin' be leanin' got' 'em feenin'
Then when I did it to you throw it right back (right back)
And tell me "Yeah Diddy I like it like that" (like that)
Lift your shirt, you know how I flirt
Heels & skirt let's take it off now let's work (LETS WORK!)

(Chorus - Jagged Edge)
Gotta love my lil' nasty girl
Know I love my lil' nasty girl
I love my lil' nasty girl
All the ladies if you feel me grab your titties for B-I-G
My lil' nasty girl
All the women from around the world
I love my lil' nasty girl
All the ladies if you feel me grab your titties for B-I-G

(Jagged Edge)

Nice and slow or fast and reckless
Boo you heard girl bite cha neckless
Lemme show you what a nigga from the Lou' is blessed with (hey!)
I make ya sprang a leak
When I'm done flip the mattress change the sheets (gotta change 'em)
I'm like the radical one
I vibrate a lil' more than your mechanical one
(From yo' titties to ya thong)
Either way mama I'ma make you do what it do
(Girl I'm about to make you cum)
Guaranteed when you fuckin wit me

(Jagged Edge)
Cause I'll go on and on and on

(Chorus - Jagged Edge)
