With the mac in the ack (acura) door panelin,
Bandagin mc's, oxygen they cant breathe,
Mad tricks up the sleeve, wear boxers so my dick can breathe,
Breeze through in the Q 45 by my side, lyrical high,
And those that brushes my clutches, get put on crutches,
Get smoked like dutches, from the masta,
Hate to blast ya, but I have ta,
You see I smoke alot, your life is played out like Kwame,

My forte causes caucasians to say, he sounds demented,
Car weed scented, if I said it, I meant it,
Bite my tongue for no one, call me evil, or unbelievable

Buckshots out the sunroof of lexus coupes, leave no witnesses,
What you think this is?,
Aint no amateurs here, I damage and tear,
Mc's fear me, they too near not to hear me, clearly,

1000 grams of uncut to the gut,
It seems fucked up, the way I touched up the grill,
Try to play guerilla, when you aint no killa,
The gats by your liver, your upper lip quiver,
Youre ready to die, tell god I said "hi",
And throw down some ice, for the nicest mc,
