

# The Ocean Blue, Bliss Is Unaware

## VERSE 1

Miss the boat  
And you will find you're on the shore  
Miss the point  
And you will think you're very sure

## CHORUS 1

Bliss is, bliss is unaware  
Until the shot rings out  
And you will find  
It's just a lie, lie, lie

Hit the switch  
And you will find it on the screen  
Hit remotes  
And you will find you're entertained

Bliss is, bliss is unaware  
While you laugh to death  
You'll find it  
Hits you pleasantly
