

# The Ocean, Calymmian

What have you done with me?  
You ruined everything  
and you don't even see  
I still can't believe this is real  
My mind plays tricks on me  
Please wake me up and say it was just a bad dream  
I can't talk  
I can't think  
I feel dead  
All I see is red  
I am sick  
I can't get up  
I see no way out  
I need drugs  
What have you done with me?  
You ruined everything  
I bet you don't even see  
I want peace  
Don't know where to start  
I don't wanna feel like this  
I'll cut out this heart  
Feed it to the pigs  
Salvation.
