The Offspring, Days Go By

Weren?t you the light It won?t save you tonight All our lesson is? Pictures lost in time Never enough, towers crumble to dust. Looking back on the moments of our lives All your anger, all your hurt It doesn?t matter in the end Those days go by and we all start again What you had and what you lost They?re all memories in the wind Those days go by and we all start again Stars still burn bright, seasons change over night As we find a way, the times they come and go Look back in love, a new day rises above With no end it comes, to carry you back home All your anger, all your hurt It doesn?t matter in the end Those days go by and we all start again What you had and what you lost They?re all memories in the wind Those days go by and we all start again

Oh, oh days go by All your anger, all your hurt It doesn?t matter in the end Those days go by and we all start again What you had and what you lost They?re all memories in the wind Those days go by and we all start again What you had, what you lost What you had, what you lost Those days go by Those days go by Those days go by
