

The Offspring, Ok, But This Is The Last Time

There's just one more thing
While you're running back and forth in my mind
I'll do anything
To put the meltdown off for a while
Well there's a million things that I'd rather do
Than to keep from being stuck on you
I'll do anything
So I don't get sent to the back of the line

Oh, you know it's true
I'm living proof
I'm a sucker for you
So here we go again

Take me, take me, take me for a ride
Make me, make me put revenge aside
I'll say no and you'll say yes
Then I'll say Ok, but this is the last time
Take me, take me darkest Valentine
Make me, make me drink again tonight
I'll say no, and you'll say yes
Then I'll say okay, but this is the last time

Even though I say
That I'm gonna stand up to you
It just works this way
Make a separate dinner for you
It turns out that I've got time for that
Who's the boss well we've established that
I'll do anything
So I don't get sent to the back of the line

Oh, you know it's true
I'm living proof
I'm a sucker for you
And I'd do it all again

Take me, take me yes I'll hold your stuff
Break me, break me too much not enough
Baby, baby tell me what you want
I'll say Ok, but this is the last time
Take me, take me dearest Valentine
Make me, make me drink again tonight
I'll say no, and you'll protest
Then I'll say Ok, but this is the last time
I'll say Ok, but this is the last time
I'll say Ok, but this is the last time

Even though I say
I'll do anything
I'll do anything
So I don't get sent to the back of the line

Oh, you know it's true
I'm living proof
I'm a sucker for you
So here we go again

Take me, take me, take me for a ride
Make me, make me put revenge aside
I'll say no and you'll say yes
Then I'll say Ok, but this is the last time
Take me, take me darkest Valentine
Make me, make me drink again tonight

I'll say no, and you'll say yes
Then I'll say Ok, but this is the last time
I'll say Ok, but this is the last time
I'll say Ok, but this is the last time
