

The Offspring, Race Against Myself

All I want
All I need
Always lies just out of reach
I've been coming up empty

I've run as fast
As I can run
I've pushed as hard as anyone
Still there's nothing for me

I've tried as hard as I can
I've taken all I can stand
But I am running a race
Against myself

Burning out
Strung along
Now my sorrow is my song
My whole world is half-hearted

For my pain
I have none
After all is said and done
Now I'm back where I started

I've gone as far as I can
I've taken all I can stand
But I am running a race
Against myself
