

# The Offspring, Stuff Is Messed Up

Now I don't know when  
It's hard to explain  
But it seems things are just kind of insane  
Because the world is crying  
But nobody is listening  
So please leave a message on my cell phone

I see bullets getting better  
Biblical weather  
And the guy on TV is like a total asshole  
Who are you wearing tonight?  
Celebrity fundraiser type  
Black ties making wrongs right  
How's your social bandaid?

I don't know much, I don't know too much  
But I know this: shit is fucked up!

I guess it's all about the dream  
The ends justify the means

I'm telling you, shit is fucked up

You know it's all about the dream  
The ends justify the means

Now thank god for the media  
For saving the day  
Putting it all into perspective in a responsible way  
With more celebrity news  
Typical bullshit and views  
I think we're losing this fight  
Sponsored by Bud Light

And now we're rocking the casbah  
And taking the flag  
The genie's out of the bottle  
And we can't put it back  
All this stuff  
It's overwhelming my brain  
Can't you see the storm coming,  
It's coming this way

I don't know much, I don't know too much  
But I know this: shit is fucked up!

I guess it's all about the dream  
The ends justify the means

I'm telling you, shit is fucked up

You know it's all about the dream  
The ends justify the means  
Justify the means!

Shopping Sprees, RPG's  
Ecstasy  
Atrophy  
Genocide  
Pimp my ride  
Politize  
Euphemize  
Injustice everywhere  
Apathy

I don't care  
Hurricanes  
Climate change  
Huh!

Therapy, I won't tell  
Rehab and LOL  
Worldwide calamity  
TV Reality  
Euthanize, supersize  
Death squads and boob jobs  
VIP infamy  
Gratify instantly

I don't know much, I don't know too much  
I don't know much, I don't know too much

I guess it's all about the dream  
The ends justify the means

I'm telling you, shit is fucked up

You know it's all about the dream  
The ends justify the means  
The means!  
The means!
