

# The Only Ones, From Here To Eternity

I see a woman with death in her eyes  
But I don't have the time to pray  
For her salvation or for her soul  
She walks her chosen way  
But in the darkness, and in the light  
I have found some hope  
Of me getting out, from this underground  
I can't wait to get back home, back home

Such a tender age to sell her soul  
For dreams that don't come true  
She's like a woman whose whole life has dissolved  
She's the living proof  
That all that glitters is not gold  
And even serpents shine  
Ah...she got bitten and she'll get bitten again  
While I'm sitting here watching the tide come in

You make me feel responsible  
For the state you've got yourself in  
Oh I know it's impossible for you  
To ever be the same person again

I got us into this, I've gotta get us out now  
It's you and me all the way  
From here to eternity  
It's you and me all the way
