

# The Only Ones, My Way Out Of Here

I needed time, but not too long  
You had our love, to make you strong  
And now you see it's, no surprise  
The damage is done, it's still inside

(music break)

Now you see, what you're doing to me  
You don't know, if it's up to you or me  
To find, find a way out of here

(guitar solo)

(middle 8:)  
Was it you who decided now  
What you want?  
And was it you who came my way  
And gave me what I want?

(guitar solo)

Was that him, lying in bed  
You can tell by the shape of his head  
And what you see and what you hear  
Will never change, just derange

Now you see, what you're doing to me  
Don't know, if it's up to you or me  
To find, find a way out of here

Too many voices trying explain  
What it is about  
This thing is driving me crazy  
I gotta get out

Was it you who decided now  
What you want?  
And was it you who came my way  
And gave me what I want?
