

# The Operation M.D., Dirt

Today I, I found myself in pain, but I want it, and I wanted it to stay

Today I, I feel like i'm insane, but I want it, and I wanted it to stay

feels like the first time, won't be the last

Dirt on my back, dirt in my veins, dirt in my soul, and now i'm walking away

Today I, I smile at the rain, cause I want it, and I wanted it to stay

Today I, I take my prize of shame, but I want it, and I wanted it to stay

feels like the first time, won't be the last

Dirt on my back, dirt in my veins, dirt in my soul, and now i'm walking away

Dirt on my back, dirt in my face, dirt on my bones, and now i'm walking away
