

The Other Ones, All The Love

(Oh)

Are you?
Are you now?
Free of me
Somehow

Now we
Where'd you go?
Where the pain
Just won't show

CHORUS

All the love we had (oo)
All we ever had (oo, how I still do care)
All the love we had (oo)
All we ever had

Come here
And see what I am
I am the wind and
Drifting sands

There's no
No mystery
It's in the book
That you read

CHORUS

All I do is dream
All I do is dream
All I do, all I do, all I do, all I do
All I ever do is dream

CHORUS
