

The Other Ones, Falling

Open up your eyes
Prepare for complications
Don't tell me nothing's left solve
Why, I'm here alone and waiting

Hold on, hold on
Is all that's left to say
Leave me in the cold calling
Out aloud your name, because

I, I, I, I'M FALLING
WHEN MY WORLD IS WHAT SURROUNDS YOU
I, I, I, I'M FALLING
FOR YOU

Why is there pain
To watch you walk away
You'll come back
You'll come back soon I know
Then smile and turn away

Hold on, hold on
I've heard it all before
Levae me in the cold calling
Out aloud your name, because

I, I, I, I'M FALLING
WHEN MY WORLD IS WHAT SURROUNDS YOU
I, I, I, I'M FALLING
WHEN MY WORLD IS WHAT SURROUNDS YOU
I'M FALLING FOR YOU

Nothing left to say
Nobody's here to listen
I'm lost, I'm lost between decisions
Should I get on my way

Calling your name out loud
You say, hold on
Then you leave me in the cold

I, I, I, I'M FALLING ...
