

# The Panic Channel, Teahouse Of The Spirits

Special guest will you come tonight  
brief visit from the other side

I am patient, I am calling you  
In the Teahouse of the Spirits  
I can feel you  
I can hear you  
give it all up just to be near you  
I am praying, I am calling you

why do you walk among the graves  
between the droplets in the rain

I am humble, I am calling you  
In the Teahouse of the Spirits  
I can feel you  
I can hear you  
give it all up just to be near you  
I am praying, I am calling you

from the silence comes the sound  
the underdrone beneath the crowd

I am ready, I am calling you  
I can feel you  
I can hear you  
give it all up just to be near you  
I am praying, I am calling you  
I am praying, I am calling you  
I am calling you  
I am calling you  
I am calling you
