

# The Partridge Family, Every Little Bit O' You

INTRO:

There's a little bit of you in every girl I run into  
in every girl I ever knew and since that day  
we went our own way, it's true  
there's a whole lot of me still hung on every little bit of you

There's a little bit of you in every tender night I share  
they can't see that you're still there, one look in my eyes  
and they realize it's true  
there's a whole lot of me still hung on every little bit of you

Now one girl has your smile so we smile for a little while  
One girl has your touch so we touch, yeah we touched  
'till I found she really didn't have your touch  
That's when I knew I missed you a little too much

There's still a little bit of hope hidin' down in this old heart of mine  
whispering there'll be another time, I looked around  
and what I found just won't do  
'cause there's a whole lot of me still hung on every little bit of you

Whoa, just a little bit

There's a little bit of you in every girl I run into  
in every girl I ever knew and since that day  
we went our own way, it's true  
there's a whole lot of me still hung on every little bit of you

(just a little bit, just a little bit)  
(just a little bit, just a little bit)  
(just a little bit)  
(just a little bit, just a little bit)  
(just a little bit, just a little bit)

All I ever really wanted, all that I needed is just you  
There's a whole lot of me still hung on every little bit of you

Oh, just a little bit, baby  
All I ever wanted, all I ever needed
