

The Partridge Family, Where Do We Go From Here

Walked in the storm didn't ya baby
Got your feet wet for the first time
Yeah, you found out the truth
When you tried to turn me loose
You found out those eyes could cry

Didn't you baby
You went down another road
Searchin' for new affection
How was you to know
Oh now tell me, where do we go
Where do we go from here

You left me here one early mornin'
When ya thought I was still asleep
If you'd known I was awake
Feelin' like my heart would break
What a way to say goodbye

(Chorus)
(Repeat Chorus)

Where do we go?
Where do we go from here?
I want to know now
Somebody tell me
Where do we go??
Where do we go from here?
Now, I want to know
Why don't you tell me
Where do we go
Where do we go from here
I want to know
Now tell me
Where do we go?
Where do we go from here?
