

# The Pentangle, Hear My Call

I wandered  
I wandered  
In the wilderness  
Far, far away...  
No voices sounding  
No voices sounding  
No one around me  
No one around me  
Oh should I sigh  
I can't say goodbye  
Hear my call here  
Help me to live this day  
Help me to live this day  
Hear my call  
I pray  
Hear my call  
Hear my call  
Hear my call here  
It's cold, dark and wet  
It's cold, dark and wet  
The sun has made its set  
I've lost all I lived for  
God bless all I'm here for  
Hear my call here  
Hear my call here
