

# The Photo Atlas, Merit

Was it cold that night  
when i saw you standing there  
roll your eyes  
give someone a chance, my darling  
my darling  
my darling  
it d-d-d-doesn't stop  
it doesn't, it doesn't  
it d-d-d-doesn't stop  
it doesn't, just stop  
did you change your mind  
when he kissed the back of your neck  
roll your eyes  
give someone a chance, my darling  
my darling  
it doesn't stop  
it doesn't, it doesn't  
it d-d-d-doesn't stop  
it doesn't  
there's no need for everyone to stare  
you love me already  
i don't care  
just stop  
it d-d-d-doesn't stop  
it doesn't, it doesn't  
it d-d-d-doesn't stop  
it doesn't  
there's no need for everyone to stare  
you love me already  
i don't care  
there's no need for everyone to stare  
you love me already  
i don't care  
just stop
