

The Photo Atlas, Red, Orange, Yellow

I know the time was there
But i was on my own
A simple sentence said
About a stolen girl
Who took the pictures down
Who took the pictures down
Before you hold your breath
you should spit me out
Oh oh oh i better say
Something now!
Before i catch you swimming,
no one sympathize
no one sympathize
Oh oh oh you better say
Something now!
Oh oh oh you better say
Something now!
I saw that you were bleeding
but there was nothing wrong
There was a hospital we could
stop if you want
Who took the pictures down
Who took the pictures down
Before you hold your breath
you should spit me out
Oh oh oh i better say
Something now!
Before i catch you swimming,
no one sympathize
no one sympathize
Oh oh oh you better say
Something now!
Oh oh oh you better say
Something now!
