

The Piass, Fat Fetishism

Oh very FAT go on eating forever
not satisfy a hunger
bound flabby breathe very feebly
go up and down the stairs
So FAT go on increase forever
can't stop gain weight
reveal the big belly
watching MTV on couch
Oh very FAT go on eating hard
not satisfy a glutton
eating and sleeping
don't have an ounce of do exercise
So FAT go on increase very herd
a miracle cell
can't even see my own genitals
without mirror
I am FAT I want to lose weight
but I want to eat
what should I do for lose weight
