

The Piass, S.o.n.n.

Lokking for great big kiss. kiss me deadly
Life is like a tragedy. when blood runs cold
Ball and chain. hate & wer. no fan.
I can't get no satisfaction
Blank generations gone. here's my generation.
Walk on the wild side
No class. down in flames. seach&destroy
Now i wanna be a good boy. baby,i'm born to lose
Kick out the jams. silly thing. let go
Don't change that song. king rocker.
Not fakin' it
The boys are back in town. i was a last child
Welcome to my nightmare. light my fire. all the young dudes.
Problem child. school's out. wild youht.
Livin' on a chain gang. i feel alright
Rock and roll all nite til death do us part
I'm electric warrior. no more heros. smash it up
