

The Pineapple Thief, And so say all of you

You see, you see
Something in my eyes that isn't there
I'd be, I'd be
The one who heals the wounds when they are bare
And so say,
All of you,
And so say,
All of you
And I want to save you all,
The ones who suffer,
But I can't find the words,
To make you better,
And I want to give you back the years we've wasted
But I can't find the time, I misplaced it
And so say,
All of you,
And so say,
All of you.
And so say, all of you.
